ANNUAL REPORT

LEAF RAPIDS TOWN PROPERTIES LTD.

2002-2003

Leaf Rapids Town Properties Ltd. (LRTP) is a Crown Corporation located in the Town of Leaf Rapids that was established essentially to manage the Town Centre and other properties in Leaf Rapids.

Formally LRTP's mandate is to:

- foster the economic development of the local area;
- encourage the growth of local business;
- raise money for the purpose of economic development in the Leaf Rapids' area;
- finance and/or assist in the financing of enterprises to operate in the area;
- act as project manager for local development projects.
- manage all assets for LRTP including the Town Centre Mall, Commercial Building, garage station, trailer park and vacant lands

The Management of LRTP reports to its own Board of Directors, which is appointed by the Province. The current Chairperson is the Deputy Minister of Intergovernmental Affairs and Trade (IAFT). The General Manager of LRTP, who is also the Secretary of the Board, is an Assistant Deputy Minister formerly in Intergovernmental Affairs and Trade, but now in Agriculture, Food and Rural Initiatives. The remaining Board Members are public servants representing the Departments of Finance, Transportation and Government Services and Industry, Economic Development and Mines. A representative from Aboriginal and Northern Affairs serves in an advisory capacity while the Town Administrator, who represents the Town of Leaf Rapids is an ex-Officio member of the Board.

All administration and accounting functions are managed by the Department of Intergovernmental Affairs and Trade with assistance from the Department of Transportation and Government Services. A Property Manager reports to the General Manager on matters relating to the operations of the Town Centre and all other LRTP properties.

The closing of Ruttan Mine in 2001 directly affected the lives of the citizens of Leaf Rapids, many of whom were employed in the mine. The community is working together to establish a new economic base, even though many people have left the town. The Provincial Government is assisting in this adjustment process, and LRTP is contributing to the Provincial Government's efforts.

Since the closure of the mine, all the LRTP properties continue to operate with little or no interruption of services. Extraordinary measures have been taken to support the community through its transition. However, as a consequence of these measures, the Town Centre is not self-sufficient in meeting its costs despite several efficiency initiatives. In order to maintain continued service in Town Centre, LRTP has been drawing down its financial reserve. This will have longer term implications for the Corporation.

Leaf Rapids Town Properties continues to operate the Town Centre, which includes the Health Centre, Frontier School, The Town Offices, the Whitewater Inn, and several commercial tenants. LRTP helped eliminate the strain on commercial tenants by lowering rents wherever possible and re-negotiating the leases/agreements of all existing tenants to flat monthly rates.

LRTP also owns and operates a trailer court commonly known as Sawannee Way. In the trailer court, monthly rents were forgiven by LRTP; tenants are only responsible for their property taxes.

To protect the Corporation's assets for the community as a whole, LRTP has continued to undertake crucial repairs on the Town Centre roof when needed.

LRTP is helping the community in its efforts to develop opportunities for economic development in Leaf Rapids through direct assistance to small family businesses.

LRTP continues to assist the Town of Leaf Rapids wherever possible in moving successfully through this transitional period towards a sustainable future.

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying financial statements are the responsibility of management and have been prepared in accordance with generally accepted accounting principles. In management's opinion, the financial statements have been properly prepared within reasonable limits of materiality, incorporating management's best judgement regarding all necessary estimates and all other data available. Effective April 1, 1998, the Corporation adopted the accrual method of accounting for interest expense on income debentures. The change has been done on a retroactive basis.

Management maintains internal controls to provide reasonable assurance that the financial information is reliable and accurate and that the assets of the Corporation are safeguarded.

The Board of Directors is responsible for the review and approval of all financial statements and for overseeing management's performance of its financial reporting responsibilities.

AUDITORS' REPORT

To the Legislative Assembly of Manitoba

We have audited the balance sheet of Leaf Rapids Town Properties Ltd. as at March 31, 2003 and the statements of earnings and deficit and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at March 31, 2003 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

LEAF RAPIDS TOWN PROPERTIES LTD.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2003

1. NATURE OF OPERATIONS

Leaf Rapids Town Properties Ltd. was incorporated in 1971 under The Manitoba Companies Act. It was charged with the responsibility for the planning, design and development of the community of Leaf Rapids. Since the completion of the development, the Corporation has managed, leased and operated its physical assets and properties in Leaf Rapids.

2. SIGNIFICANT ACCOUNTING POLICIES

The Corporation's financial statements have been prepared using Canadian generally accepted accounting principles. The significant accounting policies are as follows:

(a) *Management Estimates:*

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and contingent liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. These estimates are reviewed periodically and, as adjustments become necessary, they are reported in income in the period in which they became known.

(b) *Capital Assets*

Capital assets are stated at cost, less accumulated amortization and write downs. Certain capital assets were written down in 2000 to their net realizable value. As well, in 2002, land, buildings and equipment were written down to reflect the reduction in their useful lives as explained in note 9. Accordingly, there is no amortization for 2003.

(c) *Developed Lots*

Developed lots held for resale were written down, in a previous year, to a nominal value of \$1. Property taxes and any other related costs are charged to operations.

(d) *Pension Expense*

The Corporation participates in a multi-employer pension plan. Pension expense is equal to the Corporation's annual funding of the pension plan. The annual funding is based on the Corporation matching the employees required contributions.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2003

3. NOTE RECEIVABLE

In 2001, the Corporation provided financing to the Leaf Rapids Community Development Corporation for the renovations to the dental clinic. Effective March 31, 2002, the terms of the repayment were renegotiated to those shown below. The note receivable was written down in 2002 by \$49,687 to reflect the uncertainty regarding the ultimate collection of the note receivable due to the closure of the Ruttan Mine, as explained in note 9, and the effect that this closure may have on the population base of the town.

Ownership: All issued shares are held by the Minister of Finance of the Province of Manitoba.

6. LONG TERM DEBT

Long term debt payable to the Province of Manitoba consists of \$1,498,577 in 10% income debentures, secured by a floating charge on all assets of the corporation. Annual installments against this debt are determined based on one-half of the prior year's cash flow from operations. Cash flow is defined as net income from operations, plus amortization expense, less the installment amount paid in the year.

Interest expense is recorded as an accrual each year and, based on the required annual installment that becomes due and payable subsequent to each fiscal year. If the required annual installment exceeds 10% of the outstanding long term debt, the amount of the required annual installment in excess of 10% of the outstanding long term debt is applied against the outstanding long term debt principal and the remainder is recorded as interest expense. If the required annual installment is less than 10% of the outstanding long term debt, the full amount of the installment is recorded as interest expense. The difference between that recorded interest expense and 10% of the long term debt is not recorded and is non-cumulative. For the year ended March 31, 2003, the accrued interest expense amounted to \$0.00. The difference between the interest expense of \$0.00 and 10% of the long term debt is \$149,858.

7. INTEREST EXPENSE (NET)	2003	2002

NOTES TO FINANCIAL STATEMENTS

8. RELATED PARTY TRANSACTIONS

As stated in note 5, all issued shares of the Corporation are held by the Minister of Finance of the Province of Manitoba. In addition, the long term debt and related interest described in note 6 are payable to the Province of Manitoba. The interest income described in note 6 is earned on short term deposits held by the Province of Manitoba. The Corporation also has the following balances with the Province of Manitoba and its agencies reflected in these financial statements as at March 31, 2003. These transactions and balances are in the normal course of operations and are measured at the exchange amount agreed to by the related parties.

	2003	2002
Short term deposits	\$ 1,319,693	\$ 1,376,998
Accounts receivable	4,393	3,424
Accounts payable	77,758	85,590

9. WRITE DOWN OF ASSETS TO NET REALIZABLE VALUE

The viability of the Corporation has depended on the ongoing successful operation of the Ruttan Mine. Based on information known in 2000, existing ore reserves were expected to continue for another four years. Accordingly, in 2000, management wrote down certain capital assets to reflect this uncertainty. In 2000, the Corporation determined the net realizable value of the Town Centre land to be \$100,000, the equivalent of the maximum price it would receive should it sell the land. Accordingly in 2000, the Town Centre land was written down by \$123,996. The industrial park land, the mobile home park land, the Town Centre buildings and the commercial buildings were written down in 2000 to estimated future cash flows from operations. The cost of these assets was written down in 2000 by \$1,064,414.

On October 29, 2001, the owner of the Ruttan Mine announced that it would be shutting down the mine in May, 2002. A number of alternatives are currently being reviewed by the Town of Leaf Rapids for the utilization of the mine and/or the utilization of available housing in the Town. The ongoing viability of the Corporation will depend on the outcome of the implementation of the alternatives currently being reviewed.

In 2002, the cost of land, buildings and equipment was written down by \$320,554 to reflect the reduction in their useful lives due to the closing of the Ruttan Mine. As well, due to the mine closure and the effect that this will have on the economy of Leaf Rapids, the following asset write downs, totalling \$111,981 were made in 2002:

- a) the allowance for doubtful accounts receivable was increased by \$67,775 to reflect the uncertainty of the ultimate collection of the accounts receivable;
- b) the carrying values of prepaid expenses and maintenance inventory were written down by \$21,977 and \$22,229 respectively to reflect the uncertainty regarding the future benefit of these assets.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2003

10. FINANCIAL INSTRUMENTS

a) *Credit Risk*

The Corporation is exposed to credit risk on the accounts receivable from its customers. An allowance for doubtful accounts has been established by the Corporation, based upon factors surrounding the credit risk of specific customers, historical records and other information.

b) *Fair Value*

Due to the short term nature of all financial instruments, other than long term debt, the carrying values as presented in the financial statements are reasonable estimates of fair value. As is true for all estimates, actual fair value could differ from this estimate and, if so, any differences would be accounted for in the period in which it becomes known. For long term debt, it is not practical within constraints of timeliness or cost to determine the fair value with sufficient reliability because the instruments are not traded in an organized financial market.
